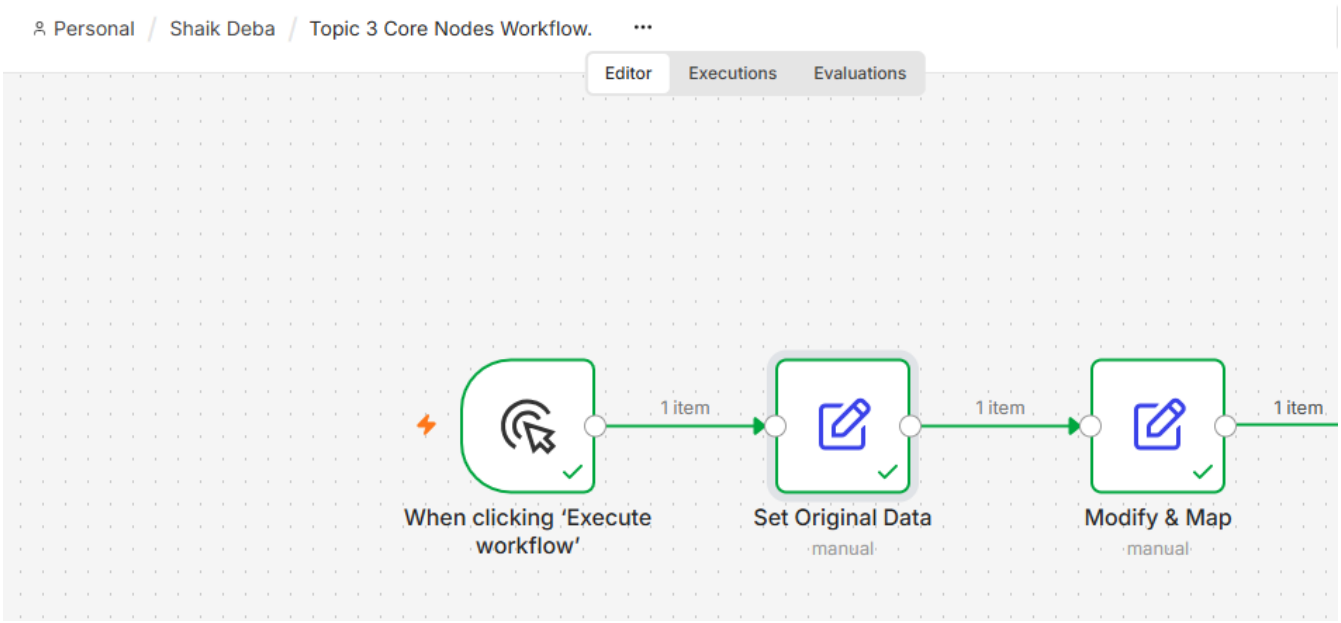
Topic 3 – Workflow Execution Evidence

Course: N8N Hands-On Beginner Course
Topic: Working with Core Nodes & Data Mapping

Workflow Canvas – Successful Execution



Evidence Description

The screenshot shows the workflow Topic 3 Core Nodes Workflow with three connected nodes: When clicking Execute workflow, Set Original Data, and Modify & Map. Green checkmarks indicate successful execution of all three nodes. The connections display 1 item passing through the workflow.

Observed Result

The visible workflow ran successfully and passed one item through the connected nodes.
